RACING SCHEDULE 1977

We share these dates for racers, who may wish to compete, and for others, who may
wish to watch. These race dates are those currently planned in Michigan and neigh-
boring states. The Michigan and Indiana schedules are current, complete, and correct
as of this date, if such a thing is possible; the other dates I've picked up from
several sources. The information, poor as it is, is the best available.

There are likely some errors here, and some dates will change. Corrections will
be published as received.

Spectators are doubtless welcome at all events. W'll probably organize a trip to
Detroit for one of the track weekends.

joel/23march1977
