WHAT HAPPENED TO ALL THE RIDES ?

In the past month or so I have received a number of calls from people who have asked why we are not having the Scotts Mill Tour or the Fall Century this year? All the feed back I have gotten is that people have enjoyed these rides in the past. The problem that we seem to have is that everyone loves to ride these tours, but very few are willing to help get them organized or work a few hours the day of the ride.

Our membership stands over 100, yet we have five or six people who always plan and run all the organized events. The participation at our monthly meetings is also very low.

Where are all of you out there?

What I would like to know is what types of things you are interested in seeing the club do and what you might be willing to become involved in. Helping on a ride does not mean spending the day behind a registration desk. If we all give an hour or two then we can also spend some time doing what we like best, riding.

Please plan to attend the mid-year brainstorming meeting which will be held on June 21 at Kalamazoo Valley Community College. Your suggestions are very important to the running of this club. Remember it is your club.
