MINUTES

Treasurer's Report: Jan McLain reported that the current balance in the checking account was \$183.04. In addition, preliminary estimates suggested that we netted about \$54 on the Spring Into Shape Ride. On that ride, expenses were \$54 and we had 54 riders for a total of \$107 in ride revenues.

SPRING INTO SHAPE: As reported above, we attracted 54 riders. Considering the weather was cold and with some forecasts of rain and the conflict with the CROP walk, we were pleased with the turnout. Elsewhere in this newsletter is a report from John Hart with the information about all of the people who worked on the ride. FROM THE CLUB: Thanks for organizing the race, John. Without someone to volunteer to lead the rest of the volunteers are worthless. It was a job well done.

OVERNIGHT WEEKEND: Scot McLain reported that he is still trying to work out plans for an overnight weekend ride.

WMU Bicycle Club: Members of the WMU Bicycle Club attended the meeting and reported that their Club had its first meeting just before the end of the Winter Semester.

CITIZEN'S RACE Scot McLain asked whether the Club thought that there was time to organize a Citizen's Race for this year and whether there were enough volunteers to stage such a race. Phil Caruso reported that Alfred E. Bike has volunteered to help the Club stage such a race. Discussion ensued as to when the triatholons in this areas were being held. No conclusion on whether to stage a race was reached.

TIME TRIAL'S It was announced that the Time Trials have begun. The time trials are held on Tuesday evening. Riders generally report about 6:30 and riding begins at 7:00. The time trial is about ten miles long. It is held just EAST of the railroad tracks at Augusta. Everyone is invited to come out and ride. You need not be a racer to participate in this event.

ROAD REPAIRS; John Byrnes reported that sections of Red Arrow Highway are being improved. Traffic is being rerouted to I-94 or Almena Road. Ride leaders planning on using Almena Road are advised to check the condition of the road and the density of traffic when planning a ride.

STRETCHING At the conclusion of the business part of the meeting, Jeff Willson spoke on the purpose and technique of stretching excercises. As in his previous visit to the Club Jeff was very informative and interesting. Thank's Jeff. For those of you who were not present, Jeff mentioned a book on stretching which has a Chapter on stretching for bicycling. The citation is Stretching by Bob Anderson.

Thanks from John Hart:

I would like to thank everyone who helped, and participated in the Club's Spring ride. Thanks to:

Jan McLain for all her help before the ride with planning, and at the ride for working registration

Jan Hageman and Alvin Holmes who donated their time during the week to mark the route.

Karin Hart, Gail Van Amberg, Scot McLain, Kaylin Winther and Paul Wells for working registration.

Marlene Hoyer, Phil and Jini Caruso and Dave Hageman for working the sag stop. Also to Dave for supplying the table and chairs for registration.

To all of the people who supplied cookies: Jan McLain, Karin Hart, Sandy Kimbrough, Brenda Mohill, Dava Thomas, Marlene Hoyer, Jan Hageman and Jini Caruso.

Gordon Vader for supplying the map for the ride.

A special thanks to Tom Mohill of New World Bicycles for his generous contributions to the ride including the drink for the riders, and also many products which he made available to participating riders free of charge. Also for bringing extra tires, tubes and spokes for riders in need. New World was represented at the ride not only by Jim Stark but also by Jim Stark and John (the animal) Wickman.

Thanks to everyone for making it an enjoyable day and for making it an easy ride to organize.

John Hart
